

In line with its mission to serve pets, people and our planet, the Pet Lovers Foundation (PLF) has launched a new project to offer free grooming to guide dogs of the Guide Dogs Singapore Ltd (GDS) in Singapore.

From 1 August 2017 to 31 July 2018, each guide dog is entitled to one free grooming service per month.

PLF's partner, Animal Arts Academy (AAA), will provide the dog grooming service at any of their 5 grooming salons located at Kembangan, Nex Mall, Serangoon Gardens, The Grandstand and VivoCity. Guide dog handlers can conveniently visit their preferred salon to give their canine friends a pampering treat.

For additional convenience, free transportation will be provided to the guide dogs and their handlers through PLF's pet transport partner, Pampered Pet Taxi (PPT). This free service will include pick-up from home, transport to the AAA salon and a return ride.

PLF, together with its partners, AAA and PPT, hope this endeavour will not only salute and reward Singapore's guide dogs for serving the blind, but also bring some cheer to everyone in our society.
